IDEA & SUGGESTION ALLOCATION SHEET

#	Idea / Suggestion Description	Category	Group No.	Priority
01	Analyze EV market share segmented by battery chemistry & type (LFP vs. NMC).	Market Share & Battery Analysis	Group 1	High
02	Track annual EV sales trends by model year and acceleration performance metrics.	Sales Performance & Trends	Group 2	High
03	Evaluate CO2 saved tons per year across key manufacturing countries.	Environmental Impact	Group 3	Medium
04	Analyze customer satisfaction ratings and safety records by drivetrain category.	Customer Insights & Quality	Group 4	Medium
05	Map public fast-charging infrastructure density against regional EV adoption rates.	Infrastructure & Range	Group 1	High
06	Benchmark total cost of ownership (TCO) between ICE and EV fleets over 5 years.	Financial & Cost Modeling	Group 2	Medium
07	[Add your custom project idea / suggestion here]	[Category Name]	[Group #]	Low
08	[Add your custom project idea / suggestion here]	[Category Name]	[Group #]	Low

GROUP RESPONSIBILITY & EXECUTION MATRIX

Group No.	Primary Focus Area	Assigned Lead	Key Deliverable
Group 1	Market Share & Infrastructure	[Hansraj Sisodiya]	Battery Adoption & Charging Map Report
Group 2	Sales Trends & Cost Analysis	[Hansraj Sisodiya]	TCO & Performance Comparison Model
Group 3	Environmental Impact & CO2	[Hansraj Sisodiya]	Global Emissions Offset Dashboard
Group 4	Customer Insights & Safety	[Hansraj Sisodiya]	Drivetrain Ratings & Safety Review

Instructions for Filling this Template:

- **Idea / Suggestion:** Describe the analytical question, dataset feature, or trend you wish to explore.
- **Category:** Group similar ideas under a unifying domain (e.g., Financial, Technical, Environmental).
- **Group No.:** Assign the team or sub-group responsible for carrying out the analysis.
- **Priority:** Mark as High, Medium, or Low based on project impact and feasibility.
